SOFTWARE EXPERTISE

ARCHITECTURAL

Silicon Engineering Consultants delivers high quality Architectural Drafting Services, Floor Plans, Elevation Drawings, Floor Framing Plans, Roof Framing Plans, Foundation Plans in Architectural Projects. Our Architectural Engineering Services strictly follow the standards specified by our customers.

Our team is well conversant with the latest technology and can handle your most complex Architectural Engineering Projects.

STRUCTURAL

Silicon Engineering Consultants has the most dedicated team of professionals who can handle Structural Engineering, Steel Detailing Services and Steel Fabrication Drawing with ease. We excel in area of Structural Designing.

We provide below mentioned services for Steel/Concrete Structure

- Structural Engineering
- Residential Structural Design
- Structural Steel Detailing
- Reinforcement Detailing
- Structural Steel Frame Analysis
- Structural Calculations

We use the best 2D and 3D software such as TEKLA, AutoCAD, STAAD, etc. to achieve the most accurate Structural Engineering Designing & Drawing.

MEPF

Silicon Engineering Consultants delivers expert Mechanical (Drafting & Modeling), Electrical, Plumbing, Fire-Fighting Engineering & drafting solutions. Our company defined by professional engineers that provides responsive high quality engineering services to broad spectrum of clients.

Electrical Services

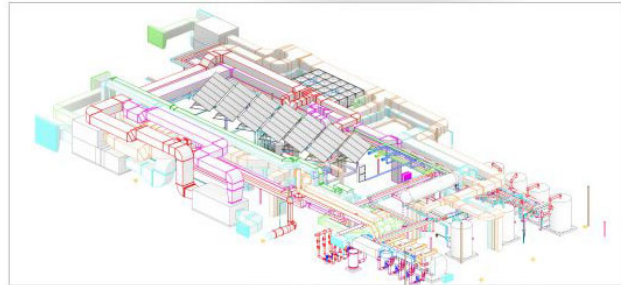

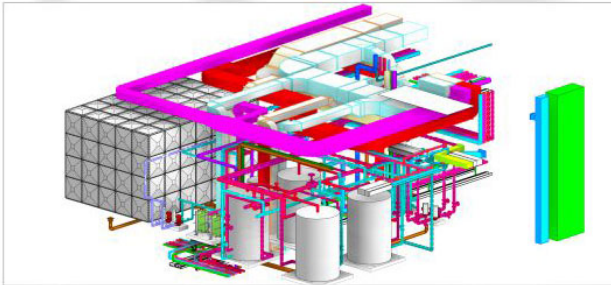

- Electrical Load Calculation
- Electrical System Design
- Floor Wise Lighting Layout
- Panel & Switchboard Design
- Electrical Sub-Station Layout

Plumbing/Piping Services

- Water System Design
- System Analysis
- Water Management System
- Water Drainage System
- Waste Water Management

Fire-Fighting Services

- Fire Sprinkler Design
- Fire Pump/Pipe Design
- Fire Hydrant Design
- Any Fire Fighting System

We apply our specialized Engineering expertise at all stages of Project assuring the best overall solution to design challenges.

HVAC

Silicon Engineering Consultants has highly skilled, experienced and industrious HVAC Mechanical Engineering team providing efficient designing, drafting & modeling of Heating and Cooling System. We specialize in applying mechanical knowledge to create specifications, schematics and installation diagrams.

We Provide

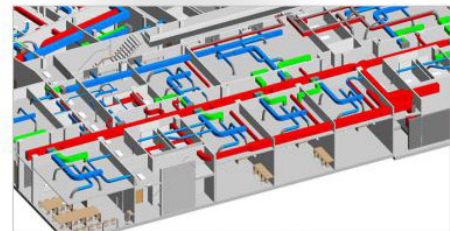

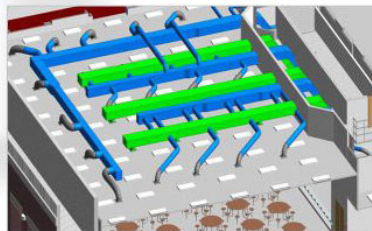

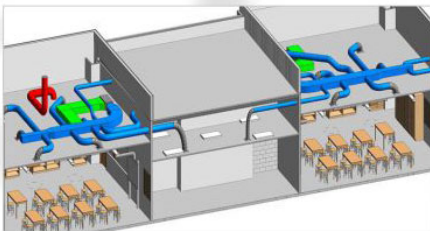

HVAC LOAD CALCULATION

HVAC SYSTEM DESIGN

HIGH SIDE & LOW SIDE

HVAC DUCT LAYOUTS

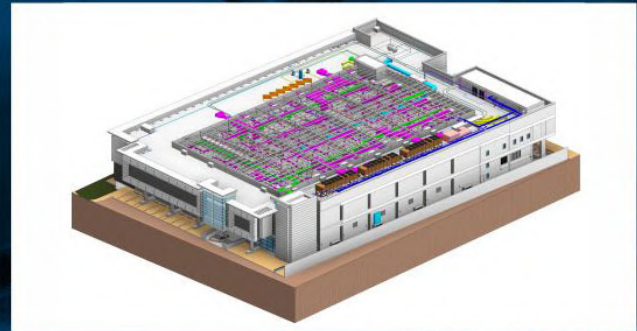

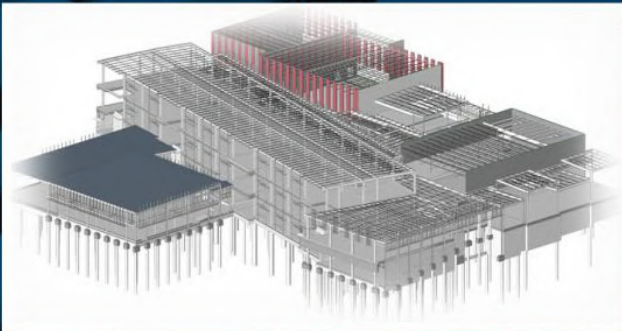

HVAC PIPING DESIGN

BUILDING INFORMATION MODELING (BIM)

Silicon Engineering Consultants provides the best practices of BIM services that result from the dedication and qualitative skills of our Engineers, Architects and Draughtsman.

Turnkey solutions from 2D drafting to 5D Modelling. We offer the 3D, 4D, 5D, 6D and 7D BIM services to meet high end requirement of our esteemed clients with all supportive infrastructure.

INFRASTRUCTURE PLANNING

Infrastructure is the fundamental facilities and systems serving a country, city, or other area, including the services and facilities necessary for its economy to function.

Silicon Engineering Consultants with its highly skilled and trained professionals offers infrastructure planning service in order to give high quality in affordable prices.

PROJECT MANAGEMENT CONSULTANCY (PMC)

We at Silicon Engineering Consultants are the team of expert Architects and Engineers who are expert in the field of Project Management also having years of experience.

Our team consists of knowledge in Construction Management, Real Estate Project management, Material Management, Man Power Management.

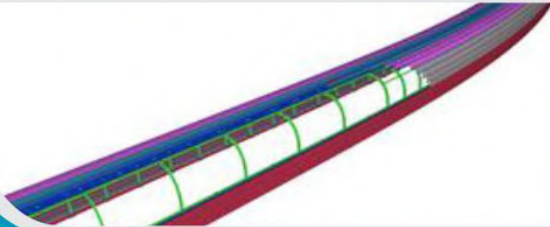

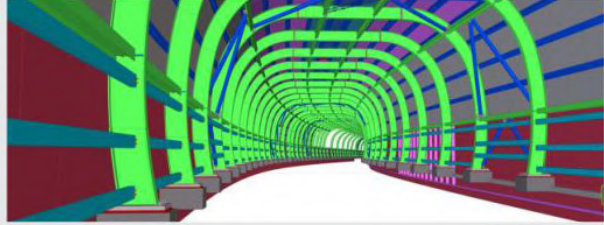

ESTIMATION & TENDERING

Estimation helps clients to get clear idea on estimation of cost and scheduling to accomplish the project.

Silicon Engineering Consultants has expertise and well versed professionals who can simply depute all their resources and convert fundamental drawings into conventional drawings so that they can vision accurately the cost of construction.
